WORK HISTORY

EAFIT University (Medellín, Colombia)

R+D In Computer in Education (October 2009 - Present)

Part-Time Research Assistant

- Develop a social network with Ruby on Rails for the University
- Develop a social network for the Colombian Ministry of Education called "Banco de Proyectos"
- Develop a Knowledge Management Community for TESAmerica (Colombian engineering organization). This project was fund by Colciencias (Colombian National Science Foundation)

EAFIT University (Medellín, Colombia)

University Library (October 2010 - Current)

Lead Developer

- Design and develop a Book-Trade social network
- <http://truequeliterario.com/>

EAFIT University (Medellín, Colombia)

SIRI Research Project (January 2008 - 2009)

Part-Time Research Assistant

- Develop a software that creates the collatio from different editions of the same text.
- Tune-up the algorithm to compare long texts.
- Design and develop the UI for the software.

EAFIT University (Medellín, Colombia)

Seminar for Programming Contest (January 2009 - Current)

Director and Teacher

- Teach simple and advanced data structures
- Teach advanced algorithms for programming contest

EDUCATION

EAFIT University (Medellín, Colombia)

Computer Science

2007-Current

Current Cumulative (GPA): 4.4/5

Selected Coursework:

Computer Science: Computer Graphics · Programming Languages · Data Structures and Algorithms · Automata & Computation · Numerical Analysis · Databases · Operating Systems · Computer Architecture · Compilers · Software Engineering

Mathematics: Multivariable Calculus · Linear Algebra · Discrete Math · Physics · Statistics · Operations Research

Universidad de Antioquia (Medellín, Colombia)

Mathematics

2008-2010

Retired for Internship

Selected Coursework:

Mathematics: Real Analysis · Linear Algebra · Logic · Set Theory · Differential Equations · Number Theory

SKILLS

- Proficient in software development using C/C++ and Ruby.
- Proficient in Web Development using Rails.
- Proficient in Test-Driven-Development and Behaviour-Driven-Development.
- Proficient with HTML, Javascript, Ajax and CSS.
- Familiar with Bash.
- Familiar with GNU/Linux and Mac OS X.
- Familiar with technologies such as Git and SVN.
- Familiar with Photoshop, Illustrator, Fireworks, Flash and Flex.

LANGUAGES

- Spanish - Excellent (Native)
- English - Excellent (TOEIC 920)

CONTACTS

Juan Guillermo Lalinde (Universidad EAFIT)

Professor of the Data Structures, Algorithms and Operating System lectures

- jlalinde@eafit.edu.co - (+57)311 349 81 74

Helmuth Trefftz (Universidad EAFIT)

Professor of Computer Graphics. Chair of Computer Science Department

- htrefitz@eafit.edu.co - (+57)301 371 41 32

ACHIEVEMENTS

- ACM-ICPC World Finals, Orlando Florida, Participant, 05/27/2011-01/06/2011
- South American Contest ACM ICPC, Universidad de los Andes, Second place, 2010
- National Programming Contest ACIS REDIS, Medellin Colombia, Eight place, 2010
- South American Contest ACM ICPC, Universidad de los Andes, Fifth place, 2009
- Third GEMIS-OE Programming Contest, EAFIT University, First place, 2009

ENTREPRENEUR / STARTER PROJECTS @ ZINERGIA

Zinergia (Current)

Co-Founder and Lead Developer

Zinergia is a small business I founded about two years ago with a friend of mine. Right now we are a 6 people team (all students) that build web and mobile applications.

Latest Finished Projects

- **Semar Motion Design.** Website for motion artist Sebastián Mejía (<http://sebasmejia.com>)
- **YKK Jen Colombia.** Company and E-commerce website for a Zipper company. (<http://ykkjen.com.co>)
- **IV Colombian Biotechnology Congress.** Event website design and customization. (<http://cuartocongresobiotecnologia.com/>)

Current Projects

- **Moda Rosa.** Website for fashion mall. <http://modarosaweb.herokuapp.com>

PERSONAL PROJECTS

Open Source Projects

All my open source projects can be found at my GitHub profile (<https://github.com/nhocki/>)

- Collaborator at **Cómo Vamos?** Rails app to keep track of solutions to ICPC problems. (<http://comovamos.factorcomun.org>)
- **Director.** Sinatra-based app that will help you manage broken links when moving one application from one domain to another. (<https://github.com/nhocki/Director>)
- **Make Permalink Gem.** Ruby gem to create human and url friendly permalinks from an object method (https://github.com/nhocki/make_permalink)
